Senex completes first sales from South Australian field

Senex Energy has sold its first volumes after starting commercial production at the Hornet field in South Australia, the company said on Monday.

The transaction enacts a deal signed earlier this year, which foresaw the South Australian Cooper Basin Joint Venture (SACB JV) – made up of Santos (66.6%), Beach Energy (visual_editor0.visual_editor1%) and Origin Energy (13.19%) – buying output from Senex.
