Could India's LNG imports rise to 24 mt by 2020?

India – already the world's fourth-largest LNG importer after Japan, South Korea and China – has the potential to grow its LNG imports from 14.9 mt in visual_editor015 to visual_editor4 mt in visual_editor0visual_editor0. Gas Strategies looks at the changes under way in India's natural gas market and the potential for LNG imports.
