FLAME 2017: Gazprom dismisses talk of US LNG ‘price war’

Gazprom has poured scorn on the prospect of engaging in a gas price war with US LNG, and played down the importance of hub pricing in the company's European portfolio.

Speaking at the Flame conference in Amsterdam on Tuesday, Gazprom Export CEO Elena Burmistrova said she was “surprised” by the small volumes of North American gas that arrived at European terminals last year, considering the hype surrounding the potential for market disruption.
