Delfin LNG lands non-FTA export licence

The US Department of Energy has granted the 13 mtpa Delfin floating LNG liquefaction project offshore Louisiana a licence to export LNG.

The permit allows Delfin to sell 1.8 Bcf/d from its proposed terminal in the Gulf of Mexico to countries that are not party to a free trade agreement with the US (non-FTA). DoE awarded the project a licence for FTA country exports in 2014.

“I am pleased that with this authorization the administration can ...
