BREAKING: Wartsila to build LNG terminal in Finland to boost bunkering, local supply

Finnish technology group Wartsila today has been awarded a turnkey contract with Hamina LNG Oy to supply an LNG receiving terminal to be built in Hamina on the south coast of Finland.

The scope includes civil works and supply of site infrastructure including a 30,000-cm storage tank, regasification and gas metering, and boil-off gas handling system. The terminal is slated to be operational in ...
