Iranian exports rise in past six months

Iran has exported just under 4 Bcm of gas in the past six months, along with over 5 million barrels of condensate, according to state energy news agency Shana.

Export in the first half of the Iranian calendar year from March 20 to September 21 were up 3% year on year, said National Iran Gas Company (NIGC) said, adding that imports had dropped by 25% over the same period.
