# Eni and Gazprom strengthen ties with southern gas corridor MoU

Italian oil and gas company Eni has set out new terms of cooperation with Gazprom over development of the southern corridor for gas supplies into Europe, igniting speculation over the Turk Stream and ITGI Poseidon pipeline projects.

Gazprom CEO Alexey Miller and Eni CEO Claudio Descalzi signed a memorandum of understanding (MoU) in Moscow on Tuesday to collaborate on developing an undisclosed new route for Russian gas to enter European markets.
