# OGCI persuades climate laggards Exxon, Chevron to sign up to emissions pledge

Image not found or type unknown

[1]

A group of the world's biggest international oil companies (IOCs) including US majors Chevron and ExxonMobil have for the first time agreed to collectively limit the emissions intensity of their upstream oil and gas operations, under the banner of the Oil and Gas Climate Initiative (OGCI). Yet half of the OGCI members, heralding from Europe, have already made more ambitious emissions reduction pledges, while others ...
